Students Manual

Bloomberg provides access to over 4000 variables related to the topic of ESG. Using the "ESG GO" function, you can access the ESG page of any company. The overview page allows you to view the ESG Score of the company provided by Bloomberg. Additionally, you can observe current scores from MSCI and Sustainalytics, but historical data is not provided. You can also see SFDR and SDG ratios along with current statistics on sustainable debt and exposure to ESG funds.
