

Ownership
in Orbis
Students Manual

Orbis offers ownership data spanning from the year 2000 to the present day, accessible directly from the main Orbis page under the company section. To delve into the ownership structure of companies, begin by applying common filtering criteria. Next, select "Status" > "Active Companies" to view ownership details exclusively for currently operating companies, or add additional filters based on location, such as country or continent.

The screenshot shows the 'Add a search step' menu on the left, with 'Company name' and 'Status' highlighted in a blue box. The main search area on the right contains a search bar and a list of search criteria, including 'Company name', 'Status', 'National legal form', 'Legal events', 'Number of employees', 'Telephone and fax number', 'Website, domain or e-mail', 'Year of incorporation', 'Size classification', and 'All companies with'. Below this list are several filter options: 'All companies', 'US companies owned or managed by women', and 'US companies owned or managed by an ethnic minority'.

The screenshot shows the 'Status' filter section. On the left, there is a 'Change date' button. On the right, there are three filter options: 'Active companies', 'Inactive companies', and 'Unknown situation', each with a plus sign icon to its right.

The screenshot shows the 'Add a search step' menu on the left, with 'Location' highlighted in a blue box. The main search area on the right contains a search bar and a list of search criteria, including 'World region, country or region in country', 'NUTS classification', 'City', 'Postcode', 'Street address', 'US zip code radius', and 'US Metropolitan Statistical Areas'.

Once you've applied the initial filters, customize the displayed results by adding or removing columns using the "Add/remove columns" button.

The screenshot shows the search results table. At the top, there is a notification: 'You have successfully modified the view.' Below this, there are buttons for 'Actions', 'Explore', 'Save', 'Excel', and 'USD'. The search results are displayed as a table with 10 columns: 'Company name', 'Flags', 'Country ISO code', 'NACE Rev. 2, core code (4 digits)', 'Consolidation code', 'Last av year', 'revenue... th USD Last...', and 'employees Last avail. y'. The table contains 5 rows of data. A blue box highlights the 'Add/remove columns' button in the top right corner of the table.

Company name	Flags	Country ISO code	NACE Rev. 2, core code (4 digits)	Consolidation code	Last av year	revenue... th USD Last...	employees Last avail. y
1. OMV GAS MARKETING & TRADING GMBH		AT	3523	U1	2022	59,481,570	10
2. OMV AKTIENGESELLSCHAFT		AT	0610	C2	2023	44,426,545	20,59
3. WINGAS GMBH ZWEIGNIEDERLASSUNG OEST...		AT	3523	U1	2022	35,561,038	n.e
4. VOESTALPINE AG		AT	2452	C2	2022	20,534,832	49,63
5. STRABAG SE		AT	4211	C1	2022	18,335,259	73,74

Navigate to the "Ownership data" category in the opened menu to explore various variables related to ownership structure. You can select multiple criteria simultaneously and then apply them to the filtered dataset.

For variables with accessible historical data, Orbis prompts you to specify the time range for the displayed columns. If this option doesn't appear after selecting a criterion, it indicates that historical values are not available for those variables.

Filter shareholder columns

These filters are applied to all columns that are related to shareholders.

Display the shareholder information as available on:

Latest available date

On a specific date(s) :

+

Cancel Save

In the final dataset, each chosen timeframe's available values are displayed in separate columns, with data frequency determined by the data structure. You have the flexibility to adjust column order and refine included filters. Finally, you can save the final dataset within your Orbis account or export it to Excel for further analysis.
